

Material Safety Data Sheet

Date prepared: October 2013

1. Identification

Finished Product Name: Aqua Net Hair Spray Super Hold Unscented Aerosol

Company Identification: Lornamead Inc.
175 Cooper Ave.
Tonawanda, NY 14150

Contact: Consumer Service 1-877-995-5405

In case of medical emergencies, contact Poison Control Center

2. Hazard Identification

Emergency Overview: This is a personal care cosmetic product that contains no ingredients that are hazardous to consumer health when used as intended.

Potential Health Effects:

Eye: Contact may cause irritation, redness and/or stinging.

Skin: Rarely presents a problem when used according to the directions

Inhalation: Reaction not expected.

Ingestion: Product is not expected to present problems when used according to directions.

Accidental ingestion may cause gastrointestinal irritation, contact physician or poison control.

3. Composition/Information on Ingredients

The ingredient list for the finished product is:

Water (Aqua), Dimethyl Ether, SD Alcohol 40-B (Alcohol Denat.), VA/Crotonates/Vinyl Neodecanoate Copolymer, Acrylates Copolymer, Aminomethyl Propanol, Sodium Benzoate, Cyclohexylamine, Triethyl Citrate, Cyclopentasiloxane, Sodium PCA, Masking Fragrance (Parfum)

4. First Aid Measures

Eye: Flush eye with water for 15 minutes. If reaction persists, consult a physician. Remove contact lenses if present, then continue rinsing.

Skin: Flush area with water. If discomfort or irritation persists, consult a physician

Inhalation: If respiratory symptoms develop, discontinue exposure, remove individual to fresh air. Consult physician.

Ingestion: Clean mouth with water and drink plenty of water. Accidental ingestions may require medical attention. Do not induce vomiting. Contact physician or Poison Control Center immediately.

5. Fire-Fighting Measures

Flammable Properties: Flammable Aerosol

Flash point: Not Applicable

Extinguishing Media: Dry chemical, CO₂, water spray or alcohol resistant foam.

Extinguishing Media (which shall not be used for safety reasons): Do not use a solid water stream as it may scatter and spread fire.

Special Hazard: The release of the following substances is possible in a fire: carbon monoxide, carbon dioxide and unburned hydrocarbons (smoke), nitrous oxides may form explosive mixtures with air.

Fire Fighting Instructions: Contact emergency personnel who should wear self-contained breathing apparatus and full protective gear. No known special fire-fighting procedures. No explosion hazards known. No hazardous decomposition products known. No known incompatible substances.

6. Accidental Release Measures

Spills/Leaks: Remove all sources of ignition, evacuate personnel to safe areas. Ensure adequate ventilation.

Environmental Precautions: Should not be released into the environment.

Methods for Containment/Cleaning Up: Collect bulk in suitable container, flush with water. Be sure to follow all applicable local, state and federal regulations for disposal.

7. Handling and Storage

Precautions for safe handling: Keep out of reach of children. Observe label precautions. Keep away from open flames, hot surfaces and sources of ignition. Avoid breathing vapors or mists.

Conditions for safe storage: Keep out of reach of children. Large quantities should be stored in a well-ventilated cool, dry area. Keep away from open flames, hot surfaces and sources of ignition. Keep away from direct sunlight.

8. Exposure Controls/Personal Protection

For small quantities (consumer use): no special personal protection is needed when used under normal use as directed. Avoid breathing vapors, mist or gas. When using, do not eat, drink or smoke.

For large quantities (bulk handling): use appropriate personal protective equipment to guard against splash hazards and skin contact. Avoid prolonged contact with skin, follow safe handling practices.

9. Physical and Chemical Properties

Physical State: Aerosol, Liquid

Appearance, Color & Odor: Cloudy Opaque Liquid, Milky White, characteristic odor

pH: 8.5 - 10

Viscosity: N/A

Specific Gravity: 0.971 - 0.981

Flashpoint: 27.8°C

10. Stability and Reactivity

Conditions to avoid: Keep away from open flames, hot surfaces and source of ignition. Avoid extremes of hot and cold temperatures and direct sunlight.

Materials to Avoid: Strong oxidizing agents.

Other recommendations: None

11. Toxicological Information

Product is a cosmetic that is safe for users when used under normal circumstances as directed.

Chronic Effects: None known. Not expected to have chronic effects.

Target Organs: None known. No health effects expected.

Mutagenic Effects: None known. There are no known mutagenic chemicals in this product.

Carcinogenic Effects: None known. Product not expected to be carcinogenic.

12. Ecological Information

Product and ingredient are expected to be safe for the environment at concentrations predicted under normal use.

13. Disposal Information

Disposal should be in accordance with all applicable Federal, State/Provincial and Local regulations

14. Transport Information

Product is Non-hazardous. Not regulated by surface, air or water transportation.

15. Regulatory Information

Product is regulated under the Federal Food, Drug and Cosmetics Act and is safe to use as per directions on container, box or accompanying literature

16. Other Information
