

SAFETY DATA SHEET

	1. Product and Company Identif	fication	
Product identifier	Cal-Blue Plus Gas Leak Detector (4182-01, 4	182-08, 4182-24, 4182-53)	
Other means of identification	Not available		
Recommended use	Gas Leak Detector		
Recommended restrictions	None known.		
Manufacturer/Importer/Supplier/D	Distributor information		
Manufacturer			
Company name	Nu-Calgon		
Address	2008 Altom Court		
	St. Louis, MO 63146 United States		
Telephone	314-469-7000 / 800-554-5499		
E-mail	info@nucalgon.com		
Emergency phone number	1-800-424-9300 (CHEMTREC)		
	2. Hazards Identification		
Physical hazards	Not classified.		
Health hazards	Not classified.		
Environmental hazards	Not classified.		
OSHA defined hazards	Not classified.		
Label elements			
Hazard symbol	None.		
Signal word	None.		
Hazard statement	The mixture does not meet the criteria for class	ification.	
Precautionary statement			
Prevention	Observe good industrial hygiene practices.		
Response	Wash hands after handling.		
Storage	Store away from incompatible materials.		
Disposal	Dispose of waste and residues in accordance w	vith local authority requireme	nts.
Hazard(s) not otherwise classified (HNOC)	None known.	2	
Supplemental information	Not applicable.		
	3. Composition/Information on Ing	gredients	
Mixtures			
Chemical name	Common name and synonyms	CAS number	%
1,2-Propanediol		57-55-6	25
	4. First Aid Measures		
Inhalation	Not a normal route of exposure. If symptoms de persist, obtain medical attention.	evelop move victim to fresh a	ir. If symptoms
Skin contact	Flush with cool water. Wash with soap and wa	ater. Obtain medical attention	n if irritation persists.
Eye contact	Flush with cool water. Remove contact lenses, medical attention if irritation persists.	if applicable, and continue fl	ushing. Obtain
Ingestion	Do not induce vomiting. If vomiting occurs naturally, have victim lean forward to reduce risk of aspiration. Never give anything by mouth if victim is unconscious, or is convulsing. Obtain medical attention.		
Most important symptoms/effects, acute and delayed	Direct contact with eyes may cause temporary	irritation.	

Indication of immediate
medical attention and special
treatment neededTreat symptomatically.General informationEnsure that medical personnel are aware of the material(s) involved, and take precautions to
protect themselves.

	protect memory serves.	
5. Fire Fighting Measures		
Suitable extinguishing media	Alcohol resistant foam. Dry chemical powder. Carbon dioxide (CO2).	
Unsuitable extinguishing media	Do not use water jet as an extinguisher, as this will spread the fire.	
Specific hazards arising from the chemical	During fire, gases hazardous to health may be formed.	
Special protective equipment and precautions for firefighters	Self-contained breathing apparatus and full protective clothing must be worn in case of fire.	
Fire-fighting equipment/instructions	Move containers from fire area if you can do so without risk.	
Specific methods	Use standard firefighting procedures and consider the hazards of other involved materials.	
General fire hazards	No unusual fire or explosion hazards noted.	
	6. Accidental Release Measures	
Personal precautions, protective equipment and emergency procedures	Keep out of low areas. Keep unnecessary personnel away. Keep people away from and upwind of spill/leak. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing. For personal protection, see section 8 of the SDS.	
Methods and materials for	Stop the flow of material, if this is without risk.	
containment and cleaning up	Large Spills: Dike the spilled material, where this is possible. Cover with plastic sheet to prevent spreading. Absorb in vermiculite, dry sand or earth and place into containers. Use water spray to reduce vapors or divert vapor cloud drift. Prevent entry into waterways, sewer, basements or confined areas. Following product recovery, flush area with water.	
	Small Spills: Wipe up with absorbent material (e.g. cloth, fleece). Clean surface thoroughly to remove residual contamination.	
	Never return spills to original containers for re-use. For waste disposal, see section 13 of the SDS.	
Environmental precautions	Avoid discharge into drains, water courses or onto the ground.	
	7. Handling and Storage	
Precautions for safe handling	Ensure adequate ventilation. Avoid prolonged exposure. Use care in handling/storage. Avoid contact with eyes, skin and clothing.	
Conditions for safe storage, including any incompatibilities	Keep away from heat, open flames or other sources of ignition. Store away from incompatible materials (see Section 10 of the SDS).	

8. Exposure Controls/Personal Protection

Occupational exposure limits

Components	Туре	Value	Form	
1,2-Propanediol (CAS 57-55-6)	TWA	10 mg/m3	Aerosol.	
Biological limit values	No biological exposure limits noted for the ingredient(s).			
Exposure guidelines	See above			
Appropriate engineering controls	Good general ventilation (typically 10 air changes per hour) should be used. Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits. If exposure limits have not been established, maintain airborne levels to an acceptable level.			
Individual protection measure	s, such as personal protective equipme	nt		
Eye/face protection	Safety goggles or glasses.			
Skin protection				
Hand protection	Rubber gloves. Confirm with a reputable supplier first.			
Other	As required by employer code. Wear suitable protective clothing.			
Respiratory protection	Not normally required if good ventilation is maintained. Where exposure guideline levels may be exceeded, use an approved NIOSH respirator.			
Thermal hazards	Not applicable.			

General hygiene considerations

Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants.

9. Physical and Chemical Properties

Appearance	Clear	
Physical state	Liquid.	
Form	Liquid.	
Color	Blue	
Odor	Neutral	
Odor threshold	Not available.	
рН	8.1 - 8.5 (Concentrate)	
Melting point/freezing point	15 °F (-9.44 °C)	
Initial boiling point and boiling range	Not available.	
Pour point	Not available.	
Specific gravity	Not available.	
Partition coefficient (n-octanol/water)	Not available	
Flash point	Not available.	
Evaporation rate	Not available	
Flammability (solid, gas)	Not applicable.	
Upper/lower flammability or explosive limits		
Flammability limit - lower (%)	Not available	
Flammability limit - upper (%)	Not available	
Explosive limit - lower (%)	Not available.	
Explosive limit - upper (%)	Not available.	
Vapor pressure	Not available	
Vapor density	Not available	
Relative density	Not available.	
Solubility(ies)	Not available.	
	Not available	
Decomposition temperature	Not available.	
Viscosity	325 - 425 cPs	
10. Stability and Reactivity		

10. Stability and Reactivity

Reactivity	This product may react with strong oxidizing agents.
Possibility of hazardous reactions	No dangerous reaction known under conditions of normal use.
Chemical stability	Material is stable under normal conditions.
Conditions to avoid	Do not mix with other chemicals.
Incompatible materials	Strong oxidizing agents.
Hazardous decomposition products	May include and are not limited to: Oxides of carbon. Oxides of nitrogen.

11. Toxicological Information

Information on likely routes of exposure		
Ingestion	Expected to be a low ingestion hazard.	
Inhalation	Prolonged inhalation may be harmful.	
Skin contact	No adverse effects due to skin contact are expected.	
Eye contact	Direct contact with eyes may cause temporary irritation.	
Symptoms related to the physical, chemical and toxicological characteristics	Direct contact with eyes may cause temporary irritation.	
Information on toxicological effects		

Acute toxicity				
Components	Species		Test Results	
1,2-Propanediol (CAS 57-55-6)				
Acute				
Dermal	5.11%

 Water flea (Daphnia magna)
 > 10000 mg/l, 48 hours

 Fish
 LC50
 Fathead minnow (Pimephales promelas)
 710 mg/l, 96 hours

 Persistence and degradability
 No data is available on the degradability of this product.

Persistence and degradabilityNo data is available on the deBioaccumulative potentialNo data available.

Mobility in soil	No data available.
Mobility in general	Not available.
Other adverse effects	
Sther adverse effects	No other adverse environmental effects (e.g. ozone depletion, photochemical ozone creation potential, endocrine disruption, global warming potential) are expected from this component.
	13. Disposal Considerations
Disposal instructions	Collect and reclaim or dispose in sealed containers at licensed waste disposal site.
Local disposal regulations	Dispose in accordance with all applicable regulations.
Hazardous waste code	The waste code should be assigned in discussion between the user, the producer and the waste disposal company.
Waste from residues / unused products	Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions).
Contaminated packaging	Empty containers should be taken to an approved waste handling site for recycling or disposal. Since emptied containers may retain product residue, follow label warnings even after container is emptied.

Disclaimer	The information in the sheet was written based on the best knowledge and experience currently available. Information contained herein was obtained from sources considered technically accurate and reliable. While every effort has been made to ensure full disclosure of product hazards, in some cases data is not available and is so stated. Since conditions of actual product use are beyond control of the supplier, it is assumed that users of this material have been fully trained according to the requirements of all applicable legislation and regulatory instruments. No warranty, expressed or implied, is made and supplier will not be liable for any losses, injuries or consequential damages which may result from the use of or reliance on any information contained in this document.	
Issue date	22-September-2014	
Further information	For an updated SDS, please contact the supplier/manufacturer listed on the first page of the document.	
Other information	This Safety Data Sheet was prepared to comply with the current OSHA Hazard Communication Standard (HCS) adoption of the Globally Harmonized System of Classification and Labeling of Chemicals (GHS).
